The two quick and easy steps on how to verify a certificates authenticity.

How to validate learners certificates and where to go to find it.

STEP 1

Gravity Training has a validate a technician tab on our website that can be used to validate certificates provided by learners.

Please see the link below:
<http://gravitytraining.co.za/validate-technician/>

- Enter the learner's ID number.
- Make sure there are no spaces between the digits.
- Make sure the ID numbers is the one provided upon training.
- Click, submit.

STEP 2

If the above web portal cannot provide the information you are looking for.

Please mail a copy of the certificate to us at:
certification@gravitygh.co.za

Or phone us for assistance:
0861 10 12 13
